Part III, line 1a:

The Museum's permanent collections, which were acquired since the Museum's inception through purchases and contributions from benefactors, are not recognized as assets on the statements of financial position. Purchases of collection items are recorded as decreases in net assets without donor restrictions in the year in which the items are acquired or as decreases in net assets with donor restrictions if the assets used to purchase the items were restricted by donors.

The Museum's collections are made up of artifacts of historical significance, scientific specimens and art objects that are held for educational, research, scientific and curatorial purposes. Each of the

**Part XIII Supplemental Information** (continued)

items is cataloged, preserved and cared for, and activities verifying the items' existence and assessing their condition are performed continuously. The collections are subject to the Museum's policy that requires proceeds from their sales to be used for direct care of existing artifacts or acquire other items for collections.

Part III, line 4:

The Museum's collection - with almost 40,000 objects that showcase advances in science, industry and technology - serves to create spectacular exhibits and experiences that excite and inspire Museum guests and further the Museum's mission and vision. Remarkable artifacts in the collection include the 700-ton U-505 submarine; a real United 727 airplane; the Pioneer Zephyr, the train that set the speed record in 1934; a British Spitfire WWII plane; a collection of carefully preserved human anatomical slices and fetuses; and much more. The Museum's collections are designed to spark scientific inquiry and creativity to motivate children to achieve their full potential in science, technology, medicine and engineering in furtherance of the Museum's exempt purpose.

Part V, line 4:

The organization's endowment funds are meant to serve as a source of financial support of the Museum's mission. A portion of annual endowment earnings are used to support museum general operations. Earnings are directed to specific elements of the Museum's operations as directed by donor restrictions on respective contributions to the endowment.

Part X, Line 2:

The Financial Accounting Standards Board (FASB) issued guidance requiring

**Part XIII Supplemental Information** (continued)

tax effects from uncertain tax positions to be recognized in the financial statements only if the position is more likely than not to be sustained should the position be challenged by a taxing authority. Management believes that there are no material uncertain positions that require recognition in the financial statements. There are no tax positions for which a material change in any unrecognized tax benefit or liability is reasonably possible in the next 12 months.

The Museum has federal net operating loss carryforwards available to offset future unrelated business taxable income. The net operating loss carryforwards expire through 2041 and total approximately \$2,697,000 and \$2,558,000 at December 31, 2021 and 2020, respectively. As of December 31, 2021 and 2020, management has determined the likelihood of realizing the benefit from a future reversal of the net operating loss carryforwards is uncertain. Therefore, a 100% allowance has been applied to the deferred tax assets associated with the net operating loss carryforwards of approximately \$728,000 and \$691,000 at December 31, 2021 and 2020, respectively.

The Museum files Form 990 in the U.S. federal jurisdiction and the State of Illinois.
