

Science Minors Reference Form

The Science Minors youth development program allows teens to discover new interests in science, develop leadership and public speaking skills, and earn service learning hours by engaging Museum guests in hands-on experiments.

To ensure confidentiality, please place the completed reference form in a sealed envelope with your signature across the seal. Return the sealed reference form to the applicant. It is the applicant's responsibility to submit all application materials. If you have any questions, please contact Charles Brass at (773) 684-9844 Ext. 4160 or charles.brass@msichicago.org.
